

## NOTICE

MCC/ MoHFW is receiving lot of complaints from students regarding an active participation of some groups of students who are likely to block AIQ seats in the second round deliberately for financial gratification without intention of joining them. This amounts to a criminal offence and has been viewed seriously .Such students will be identified and if credible evidence of seat blocking by **cartelization** is found , legal action will be taken against them. The nearly one thousand students who have not joined after first round have been identified and their future course of action during second round is being monitored closely. Other candidates are also requested to identify such candidates and report their Roll No./ NEET Rank to the MCC if and when they are aware of this issue.
